

Our Job is to Make Your Job Easier.

Reducing Deductible

PMU is proud to announce the release of our newest product feature, the REDUCING DEDUCTIBLE!

HOW DOES IT WORK?

If your client has owned a vessel for the past 5 years and has been claims free for that period or longer, their Hull & Machinery deductible will reduce by 10% at renewal and will reduce by the same dollar amount every year until it reaches 50% of the original deductible, so long as they remain claims free.

Call your PMU Underwriter today to get full details.

Watch for this sticker on your client's declaration page.

At time of loss your client will appreciate the positive impact to their wallet.

About Pacific Marine

Pacific Marine's pleasurecraft insurance program was established in the 1960's and has continued to serve Ontario brokers and their customers for over 40 years.

We are in business to pay claims. Our goal, in settling your loss, is to get your client back on the water without delay.
